Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I oppose the Draft M.O.U. as it will  
affect me. I cannot take medication  
that is not made up of natural choices  
My medication is combined especially for  
me at the correct dosage but I also  
do not get a reaction from the natural  
progestrone. There are certain progestrons  
I cannot take as a fear of breast & ovarian  
cancers. These ~~are the~~ natural progestrons  
that are blended just for me are the only  
ones I can take. Also there are no  
pharmaceutical ~~to~~ labestation in California.
